**DRAFT ENVIRONMENTAL ASSESSMENT
PUBLIC NOTICE**

Town of East Hartford

The Town of East Hartford has commissioned the development of an Environmental Assessment (EA) relative to the proposed construction of a new fire station to be located at 141 Brewer Street in East Hartford, Connecticut. The Federal Emergency Management Administration (FEMA) is the sponsoring agency for the preparation of the EA (EMW-2009-FC-03656). Specifically, East Hartford plans to construct a new 16,000 square foot LEED certified fire station, consisting of space for two fire companies, fire personnel offices and living quarters, and an apparatus repair facility. This new fire station is intended to replace the outdated, undersized, and deteriorating Fire Station #5 currently located at 304 Main Street.

The EA is intended to help public officials make decisions that are based on the understanding of the environmental consequences, and take actions that protect, restore, and enhance the environment and human health and safety. The Draft EA has been completed and the community is encouraged to review and provide comments on the Draft EA.

The Draft EA is available for comment and can be viewed and downloaded from FEMA's website at <http://www.fema.gov/plan/ehp/env-documents/ea-region1.shtm> or viewed at the following locations:

- Town of East Hartford Public Library - 840 Main Street, East Hartford, Connecticut 06108
- East Hartford Town Hall - Engineering Department - 740 Main Street, East Hartford, Connecticut 06108

The comment period will end 30 days from the initial publication date of this notice. If you have any comments regarding the Draft EA please submit written comments to Jack Sullivan, FEMA Environmental Officer, 99 High Street, Boston, MA 02110 Fax (617) 956-7574, Email: jack.sullivan@dhs.gov.
